The room provides a simulated, life-like environment where a man named Roanoke can live as the owner of a fully functioning house and yard. In a previous pilot, the name was "Robo-Palace". Robo-Room Description Robo-Room is a room that looks like a house, and it functions like a home. All the necessary functions are located in the room, such as a stove, refrigerator, etc. however, the room is completely automated, and Roanoke

can step inside the room and live in the middle of this simulated world. In the show's opening, Roanoke tells us that he is located in Robo-Room for a year for his depression, and is now living his life normally. Appearance In the beginning of the show, Robo-Room appears as a fully functioning house. However, as the episodes progress, it is shown that Robo-Room has
